- ## Product Overview

Name: Enchanted

Brief History

- Enchanted was developed under Kiko Labs ,the California based Fragrance company founded in 2009 by Miriam Baxter . The company was built to address the issue of having a cleaner and safer environment while still enjoying a variety of fragrances after many individuals suffered from poor health because of a lack of eco friendly products , specifically fragrances. In October 2013 , Kiko Labs launched 'Enchanted' with an impresssive 25 product line up that continue to remain best sellers nearly a decade later.

Mission and vision

Mission

- Enchanted aims to develop professional , protective and visually appealing packaging that not only increases value but also increases consumer attraction
- Enchanted ensures that no harsh ingredients are used in the making of their fragrances and that all products are cruelty free .
- Enchanted ensures inclusivity and expression by creating scents for everyone to embrace their individuality

Vision

- Enchanted aims to become one of the biggest recognized frangrance brand in the world
- Enchanted aims to turn peoples wants into real products.

- Enchanted aims to improve lives through the power of scent.

Target audience

- The brand targets those who view scent as their personal identity , style and mood usually between the ages of 16 to 55 .
- The brand also targets those who are interested in gentle and sustainable products.

• Website Goals and Objectives

Goals

- Enchanted can establish brand identity by creating a unique brand aesthetic (e.g luxurious or artistic) to set the brand apart from its competitors.
- Connecting with customers since Enchanted focuses on allowing customers to express themselves based on the mood and style which boost self confidence and comfort in who they are.
- Enchanted uses eco friendly and cruelty free formulas , ingredients and packaging to care for the environment.

Objectives

- Aims to develop their products by creating signsture scents that cater to the needs of the target group.
- Aims to give customers a good experience through personal consultations, product usage guides and providing samples .
- The brand ensures that all their prifucts adhere to the international safety standards such as the International Fragrance Association guidelines.

Key Perfomance Indicators(KPIs

) Financial and Sales KPIs

- The brand measures success with the average revenue per transaction which will increase profit and helps the brand to understand how much value each transaction bringts to the business .
- Sample Conversion rate gives the percentage of customers who purchase a full bottle of the Enchanted fragrance after buying a sample to attract more customers and if the percentage increases it would mean that more people are intrested in the fragrance brand.

Marketing KPIs

- The brand allows their products to have more exposure on viral / popular platforms like TikTok , Facebook ,Instagram and many other platforms to increase brand awareness and what it would like to achieve.
